## System Requirements For Game Show Presenter:

Dota 2 requires a DirectX 10.1 or later-capable graphics adapter with a Shader Model 4.0-capable video card, and a DirectX 9.0-capable operating system. You must also have a 64-bit processor with a supported memory size. Dota 2 requires a minimum of 1 GB of free system RAM (Random Access Memory). This is the amount of memory that is dedicated to Dota 2, and it's the only type of memory that is allocated to Dota 2. There's a small buffer on your system to store files and
